

**POSTED MARCH 23, 2023**

**Addendum #1 to Request for Proposals (RFP) for Kern County Workforce Innovation and Opportunity Act Adult, Dislocated Worker and Combined Programs for Program Year 2023-2024 issued on March 9, 2023**

A Pre-Proposal Meeting was held on March 20, 2023 at 1:30 p.m. at Employers' Training Resource (ETR), 1600 E. Belle Terrace, Bakersfield, CA 93307.

Changes/corrections noted at the meeting:

**1) Proposal Submission Requirements Change**

The RFP stated that an electronic copy of the proposal on a flash drive (thumb drive) is also required. In lieu of that, ETR will accept an emailed attachment of the proposal sent to Anne Meert at [meerta@kerncounty.com](mailto:meerta@kerncounty.com).

**2) Correction to Point Value**

It was noted that on page 50 of the RFP, maximum points available for Program Design and Planned Approach should be 25, not 35.

**3) Staff Job Duties/Responsibilities and Resumes Not Necessary**

It was noted that on page 58 under Program Design and Planned Approach, "duties and responsibilities, and resumes" should be removed as staff names and job titles associated with the program are sufficient.

Questions and Answers noted at the meeting:

"Although the current address for the Delano AJCC is listed, are there plans to relocate to another location?"

- "Yes, the address listed is a temporary location. ETR has recently looked at another building in the Delano area to consider for relocation. The current address for the Delano AJCC is to be used as the address until further notice."
